AUDITOR'S REPORT

I have examined the accounts of the various town officers and find the same to have been kept in a careful and methodical manner. Evidence of payment is on file of all bills for which orders were drawn on the treasurer.

The treasurer's account shows that all orders drawn on him have been paid and the amount of cash on deposit agrees with the balance as shown in his report.

Respectfully submitted,

GEO. C. BLANCE,

Auditor.

REPORT OF SUPERINTENDENT OF SCHOOLS

SUPERINTENDING SCHOOL COMMITTEE

A. J. Guptill,	Term expires March, 1932
Foster Harrington,	Term expires March, 1933
Dr. H. A. Holt,	Term expires March, 1934

To the Members of the Superintending School Committee and the Citizens of Winter Harbor:

I have the honor of presenting to you my first annual report of the condition, progress and needs of your schools.

A well balanced school system must have well trained teachers, an ample supply of textbooks and reference books and efficient supervision.

A teacher to be really successful should not only have the right training but she should be thoroughly interested in her work. She should know how to find out the weak places in her pupils and from day to day strengthen those weak places. She should also know in what subjects they are particularly strong so as to guide them in their work in order that they might become broader and more efficient in certain lines of work. Again, a teacher should teach only those grades for which she is best fitted by nature and training. Many a teacher has made a perfect failure of her work because she has accepted a position to teach the primary grades when she should have been teaching the upper grades and vice versa.

I have made several visits to each school and have spent sufficient time at each visit to be able to make suggestions to the teachers that would help them carry on their work more efficiently. By the time this report is in your hands we shall have held three teachers' meetings. At the first meeting no particular subject was taken up but suggestions were made as to how teachers might do better work. The second meeting was on the methods of teaching arithmetic and the

third meeting on the methods of teaching reading. Some of my teachers have put into operation suggestions made at these meetings and report that they are now getting better results in their work and better recitations from their pupils.

Some changes were made in textbooks previous to this report. A complete change has been made in arithmetic and English books for the grades. New geographies have been purchased for grades four, five, seven, and eight. New geographies should be bought this coming year for grade six. New spellers for all grades should be purchased. We need more supplementary readers for all grades. These changes can be made from year to year so that in a few years we shall have not only good books in the hands of every pupil but also a good supply of books for every grade.

The work in both junior and senior high schools is going along very well. Teachers and students are working faithfully to complete the work of the year. In my visits I have noticed how anxious the students are to do their tasks well from day to day. Such an attitude on the part of the students cannot help but reflect credit upon their teachers who are working very diligently for them and with them to make the work of the year a success.

Every citizen has a right to feel proud of the schools in his town. He should feel proud, not only of the schools which he attended or the schools which his children attend, but with that just pride he should use his influence to make the schools in this town better every year.

There are great possibilities of making our high school better. If we could have three teachers for our senior high school we could have a broader course of study. The better high school we have the better able we shall be to get more tuition students.

I would suggest that a committee, consisting of the members of the school committee, the superintendent of schools and three other citizens, be appointed at this town meeting

to seriously look into the matter of making our high school bigger and better and report at the next annual town meeting what is best to be done.

It is very necessary that our high school should have a library of reference books so that our students can do better work in English and their other high school studies. A separate appropriation of \$75.00 a year should be made for this purpose.

This town is very fortunate in having a trained nurse to look after the health of its children. I am indeed pleased with the efficient work that Mrs. Holt is doing in our schools. She not only makes her regular calls at our schools but is ever ready and willing to make special calls for special cases. She has been the means of having a great deal of corrective work done on eyes, ears and throat that is worthy of praise. Remember that our nurse is working to have every school child physically fit to do his best school work.

In conclusion, I wish to thank the parents for the interest they have shown by having their children attend school regularly; the members of the school committee for their splendid cooperation; the teachers for their faithfulness in doing their work from day to day.

Respectfully submitted,

WILLIAM M. BOTTOMLEY,

Superintendent of Schools.

REPORT OF FLANDER'S BAY NURSING SERVICE
Winter Harbor, January 6th, 1932

To the citizens of the town of Winter Harbor I hereby submit my report as a public health nurse for the period from January 1st 1931 to January 1st 1932:

The Flander's Bay Service comprising Winter Harbor, Gouldsboro, Sorrento and East Sullivan is affiliated with the Maine Public Health Association and under the direct supervision of the nurse director.

This service is supported mainly by the contributions of the interested summer residents, fees, Chrstmas Health Seals—the rest of the budget is met by town appropriations.

It is impossible to measure the value of a public health program by statistics, but the following report will give some idea to the citizens of Winter Harbor, of the work accomplished by the nurse the past year.

1200 visits were made in homes. These visits were made for the purpose of caring for the sick patients or babies or mothers with babies, for instruction, investigation and school follow up.

Visits of instruction 600, bedside visits 400, investigation and miscellaneous 160, 56 visits to the school rooms and 186 follow up visits.

For the children shortly to enter school, it is especially urged that physical defects be corrected if possible so that a child may enter at his best.

22 Well Baby and Pre-school conferences were held this Fall—(these conferences were omitted during the months of July and August due to two reported cases of infantile paralysis) 211 in all attended—(57 babies and 39 pre-school children) the nurse has a Well Baby and Pre-school Child conference in the office every Tuesday afternoon and one the third Thursday in every month in South Gouldsboro—all mothers are invited to attend these conferences.

In the miscellaneous work is included 56 urinalysis—3 mothers provided with baby layettes, 10 adults taken to physicians, hospital sanitarium or dentist, 87 school children taken to dentist, 10 taken to doctor, 4 taken to oculist, 5 taken to the hospital, 2 preschool children taken to the hospital and one operation at home for adenoids and tonsils. 20 tuberculin tests were given by the tubercular nurse.

Observation has shown us that where there is health teaching in schools and community and inspection of pupils there is less chance for epidemics of disease to start with the consequent waste of school money and loss of school time.

SCHOOL WORK

No. of school buildings in district	12
No. of school rooms	16
Visits to school rooms	40
Enrollment	442
Inspected by nurse	442

Examined by physicians	228
Pupils with defects	*350
*These defects are—eyesight, hearing, teeth, throat, posture, over and under weight.	
Corrections:	
Teeth	94
Posture	50
Throat	60
Vision	53

91 of these corrections have been made since the spring inspection.

The inspection of Winter Harbor schools showed 86 with defects that can be corrected. It also showed that 86 corrections have been made.

The outstanding features in school work the past year:

The 228 physical examinations to the High school students and pupils in the other schools.

The School Health Field Day, the first to be held in this district, will be held again this coming year.

A silver cup donated by the Maine Sea Coast Mission, as a trophy in athletic points, the stimulation of social contact, the 300 children attending besides the parents and interested adults, made this a successful event.

In the control of communicable diseases several cases were reported, isolated cases of chicken pox and whooping cough besides the infantile paralysis case investigation were made, specimens for examinations were sent to State laboratory for examinations.

Visits were made to tuberculosis both to give nursing care and to teach patient and family.

Respectfully submitted,

M. A. HOLT, R. N.

Flander's Bay Service

Maine Public Health Association

WARRANT

STATE OF MAINE

Hancock, ss

To Allen Arey, Constable of Winter Harbor, in the County
of Hancock, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Winter Harbor, qualified by law to vote in town affairs to assemble at the town hall, in said Town of Winter Harbor, on Monday, March 7, A. D. 1932 at 9.00 o'clock A. M. to act on the following articles, to wit:-

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the ensuing year.

Art. 3. To hear the report of the town officers and act thereon.

Art. 4. To choose selectmen, assessors and overseers of the poor.

Art. 5. To choose a member of the superintending school committee for three years.

Art. 6. To choose constables.

Art. 7. To choose collector of taxes.

Art. 8. To see how taxes shall be collected for the ensuing year.

Art. 9. To fix compensation of collector and treasurer.

Art. 10. To choose a treasurer for the ensuing year.

Art. 11. To choose fence viewers.

Art. 12. To choose pound keepers.

Art. 13. To choose surveyors of lumber and measurers of wood and bark.

Art. 14. To choose fish and game wardens.

Art. 15. To choose an auditor.

Art. 16. To choose fire wardens.

Art. 17. To see if the town will vote to nominate a candidate for road commissioner.

Art. 18. To choose all other necessary town officers.

Art. 19. To raise money for common schools.

Art. 20. To raise money for the care of school property.

Art. 21. To raise money for high school.

Art. 22. To raise money for textbooks and appliances.

Art. 23. To raise money for salary of superintendent of schools.

Art. 24. To raise money to defray town charges.

Art. 25. To raise money to pay interest on town notes.

Art. 26. To raise money to pay insurance on town buildings.

Art. 27. To see what action the town will take relative to care of town hall.

Art. 28. To raise money for support of poor.

Art. 29. To see if the town will vote to raise a sum of money for repairs on town hall.

Art. 30. To raise money for the payment of town notes.

Art. 31. To see if the town will vote "yes or no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided under Section 21, of Chapter 25, Revised Statutes, 1916.

Art. 32. To see if the town will appropriate and raise the sum of \$2,665.00 for improvement of the section of State aid road as outlined in the report of State Highway commission in addition to the amount regularly raised for the care of ways, and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Chapter 25, Section 21, Revised Statutes, 1916.

Art. 33. To see if the town will vote to raise money, and what sum, for the maintenance of State aid highway during the year within the limits of the town, under the provision of Chapter 25, Section 18, Revised Statutes 1916.

Art. 34. To see if the town will appropriate and raise the sum of \$533.00 for improvement of the section of State aid road as outlined in the report of the State highway commission, in addition to the amount regularly raised for the care of ways, highways and bridges, the above amount

being the maximum which the town is allowed to raise under the provisions of Chapter 25, Section 18, Revised Statutes, 1916.

Art. 35. To raise money for repair of roads and bridges.

Art. 36. To raise money for repair of sidewalks.

Art. 37. To raise money to chloride streets.

Art. 38. To raise money to remove snow from streets by use of town snowplow.

Art. 39. To see if the town will vote to raise the sum of \$100.00 for the maintenance of third class road or to be used in connection with third class apportionment made by the State for the improvement of third class road.

Art. 40. To see if the town will vote to raise a sum of money not to exceed \$200.00 for the support of public health service.

Art. 41. To instruct the selectmen to raise money for temporary loan.

Art. 42. To see what action the town will take relative to refunding the town debt, or extending the time of payment of town notes.

Art. 43. To see if the town will vote to raise a sum of money not to exceed \$200.00 for the public library.

Art. 44. To raise money for street lights.

Art. 45. To raise money for hydrant rental.

Art. 46. To raise money to remove snow from sidewalks.

Art. 47. To see if the town will vote to instruct the selectmen to appoint a man to work in connection with the patrolman in maintenance work on the town roads, work to be done under the supervision of the selectmen.

Art. 48. To see what sum of money if any the town will vote to raise under Section 26 to 32 inclusive, Chapter 28 of the Public laws of 1919, for the reconstruction of a State aid highway Beginning at State highway No. 2 at a place known as the guzzle and running in a southerly direction passing through the village of Prosepct Harbor to Winter Harbor line; thence through Winter Harbor by way of vill-
